

# Lighting the Way

Summer 2023 | Issue 6

## FOUNDER'S MESSAGE

*Spring into Summer has been one the most expansive periods in A Child's Light history so far, so let's take a moment to catch you up.*

*In March A Child's Light was so deeply honored to be the recipient of 100 Women of Downingtown. The other nonprofits who were asked to present were amazing organizations and we are humbled to have been chosen. We made so many connections with such wonderful women over the next months that we hope to foster those connections and grow together for the betterment of the children in the county.*

*Next, we learned that The Whitford Classic had chosen A Child's Light to be one of their recipients of their weekend long fundraiser along with several other organizations.*

*But our biggest expansion has been our move to our new location at 1444 Phoenixville Pike, West Chester, PA. A Child's Light is now occupying a magical spot on the property that is adjacent to Treehouse World! We are over the moon to occupy a space where children can talk with a therapist outside, take their shoes off and become grounded., take a deep breath and begin their healing. We will be expanding our reach to even more children by offering groups along with private therapy. We will be hosting various organizations in the area who are committed to the wellness of children in Chester County. We are hoping to have some that your children may be interested in so stay tuned for updates.*

Leslie Holt  
Executive Director/Founder

## IMPACT IN THE COMMUNITY

A Child's Light is so pleased to be working with the **Chester County Juvenile Probation Department** to have youth who need to complete community service hours partner with us in improving our building for other children. That's a beautiful thing. We plan to be in the office during renovations but please call to make an appointment.

The Juvenile Probation Department is dedicated to providing hands-on non-paid educational internship/practicum experiences to qualified graduate and undergraduate students in the following majors: Criminal Justice, Sociology, Psychology, Social Work and other Social Service fields.

## SHARING SPACE

We are accepting inquiries from therapists or other like-minded professionals wishing to share space.

**Call or text Leslie @ 610.405.2968**

## FUN-RAISER

**PLUS** - We hope you will join us in a family fun-raiser that we will be having at **Treehouse World** this Fall. Date TBD

**ACL is located adjacent to Treehouse World Adventure Park  
1444 Phoenixville Pike, West Chester, PA 19380**
